The public is cordially invited to attend. The entertainment is free.

## PETER'S POLISHED PARAGRAPHS

Carrollton, O., April 24, 1917. There was no reason for the recent rise in the price of wheat, because this is a "free country."

The county treasurer's office is open for people to pay their taxes and there will likely be some delay on the part of those who neglect to make out their own assessment blanks.

A fund is being raised to pay our band for a concert on the public square every Saturday evening, the band to get \$1 for each member, there being 24 members.

There is considerable talk of forming a Red Cross unit at Carrollton. Many of the matrons and young girls about town are strongly imbued with the idea.

Among the jokes in last week's Chronicle is that Judge Wm. L. Day of Cleveland and Harry Garfield of Mentor want to go to France and fight in Teddy's division.

Signs of spring: Boys report the first dicker. Panama hats beginning to be gathered up. Dealers display carpet beaters in show windows. The park benches begin to find occupants.

White wings are busy on the streets. Creeks are lined with fishermen. Moth balls are being bought. "We never sold so many garden seeds" said a dealer.

Some fruit trees are in bloom. You must file tax list before May 1. Coal miners have been given a substantial increase. Ohio miners will get a 20 per cent raise. So decided the joint conference in New York.

Miss Alice Kemmer, a great-granddaughter of Major Skeeles, sang a solo at his funeral last week Wednesday. Nineteen veterans acted as guard of honor.

Mrs. W. T. Corley of Delroy spent last week in Leetonia at the home of Prof. John May.

Oil and gas drilling continues in Carroll county but the excitement is simmering down.

One of the heaviest fleeces of wool ever recorded in Ohio is reported in the shepherd's roundup at the O. S. U. The weight of the fleece was 47 lbs., 12 oz. Even with a power machine it took an hour and 25 minutes to cut the wool from the wrinkle of the Merino. At present prices of 40c a pound the fleece would bring \$19.10.

The wool was sent to the Wooster experimental station for investigation.

Eight colored brethren arrived in town Tuesday to work at the brick plant west of town.

"Rearing of chickens" is a new bulletin recently issued by the Agricultural college extension service of O. S. U., Columbus, which will be sent free to all who send their names and address to the university.

Paul Elliott of near Delroy, a graduate of the O. S. U., agricultural department, has been appointed by the county commissioners as our county crop and food commissioner, in accordance with the recent proclamation of Gov. James M. Cox. Every year the powers of executives are being increased and centralized, more new offices created and nothing left for the farmer to do but to follow the plow and pay taxes. Is it any wonder the young farmers want to quit farming?

Last week Thursday was the 16th anniversary of the big snow. Our official dog peltier wears a badge. He killed 17 dogs last week at \$1 each. This will help pay the bill. Besides this, he works in the cemetery at \$1.75 per.

Many gardens were plowed and spaded last week, but seeds are high priced.

Suppose that Ohio farmers raise bumper crops and these crops get cornered by city sharks who fix prices out of sight, then what is the difference? Uncle Sam has always been able to feed his own family at normal prices, but when he is asked to feed "all creation" he is taking in too much territory and those at home stand the h. c. l. Remedy—stop the exportation of all food stuffs. Charity begins at home.

Dr. U. I. Tope of Perryville is in Mercy hospital, Canton, where he was taken for an operation for appendicitis. Another Dr. Tope, Algonquin, has successfully treated 87 cases of appendicitis—and not one of them went under the knife.

The first hit of the season was reported Tuesday, when the teacher of Navanall school was hit in the eye with a baseball.

The war spirit runs high in Carrollton, yet not a soul has volunteered his service in the country's cause. We all put up flags and rally around them three times a day. We want some of our neighbors' boys to join the ranks, but our own sons we need at home for domestic purposes. We tell the farmers to grow wheat and potatoes to help feed the allies and kill the gosh dinged Dutch, but don't own an acre of soil in our own name and won't shed one drop of sweat along that line. It is enough if we raise the flag. Even the churches (followers of the Prince of Peace) demand gore from fellow Christians who printed the first bible. A patriotic meeting was held in the Reformed church Sunday night addressed by lawyers and school teachers who never smelled powder. The G. A. R., the S. of V., Spanish war veterans, Ladies' auxiliary and boy scouts were present and everybody was asked to carry or wear a flag. Of course that settles it, and anybody who don't enthuse is not loyal.

PETER M. HEROLD.

Of course, nobody can tell what a woman's last cost by looking at it, but it is trimmed with vegetables it can't be cheap.
